Sponsored by
College Neighborhoods Foundation History Project
"To acquire, preserve and document stories and heritage of the College Neighborhoods"

Hosted by
El Cerrito Community Council

Participating Communities:

College Area including Alvarado Estates, College View Estates & Mohawk-Saranac; El Cerrito, Rolando, Rolando Park, Redwood Village, and Oak Park."

Join local historians and your neighbors in sharing your stories, of El Cerrito and the surrounding College Neighborhoods to chronicle and preserve our community's past.

The day-to-day history of life in the College Neighborhoods is important to preserve and share for current and future residents to enjoy. Please bring your vintage photos, memorabilia, documents and personal stories to share. (All items will be returned).

Remembrances of local houses, schools, churches, businesses, youth sports, clubs, issues, families, politics, cars and events are all of interest. Comb through your old photographs, shake loose your memories, and help identify long-time neighbors who would be important subjects for interviewing.

The College Neighborhoods Foundation History Project has arranged for long-term archiving of all images and objects at SDSU.

Each participant will receive a free CD of their history.
Top stories will be published! Refreshments provided!

**Photos, Documents,
Memorabilia & Oral History**
